

Born from Digital Bank of Africa community upliftment culture in partnership with the Umeh Foundation, aims to assist struggling and out of school students to get back to school. The initiative was inspired by Success Adegor who was kicked out of school due to her parent's inability to foot her school bills. The focus of this N100 million educational support initiative championed by our chairman Mr. Xolane Ndhlovu is to discover ambitious out of school kids like Success and help put them back to school. The Dafribank is set to support the initiative with monetary donations of N10 million a year for 10 years.
